The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

Parents are encouraged to contact teachers with any questions by the email links provided in TeacherEase.

Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.¹

Parents or guardians may examine the instructional materials to be used in any district sex education class or course

Section XII: Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.

11. Never run back to the bus, even if you dropped or forgot something.
12. Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

Article IV Academic Information

Section I: Policies

Grading System:

Students in grades 5th-8th will receive percentage grades based on the following grading scale:

A	100%-90%
B	89%-80%
C	79%-70%
D	69%-60%
F	59% or lower

Make-Up Work:

If a student's absence is excused or if a student is suspended from school he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

Late Homework Policy

Students who do not turn in homework on time will be subject to the following:

Late work can only receive up to the following percent of the grade:

5th Grade - 90% 6th Grade - 80% 7th Grade - 70% 8th Grade - 60%

After two weeks from the original due date and the work is still not turned in, students will receive a "zero" in the grade book and that work will no longer be accepted. Students who are absent are given two days for every one day absent to make up work before the above policies are implemented.

Hall Passes

No student shall be allowed in the hallway or restrooms during class time unless he/she has the quarter hall pass. Each quarter students will receive a new hall pass. If the student loses this pass, they will not receive a new one. Students should keep this pass on them at all times. This includes going to their locker, restroom, or water fountain. Students should obtain passes from the teacher, Dean, nurse, secretary or principal before going to class. Any student arriving to class late without a pass is tardy and reported to the office as such. (See tardy policy)

School Identification Badges

All students and staff members will be given a school identification badge that is to be kept at school. Students that destroy, lose, or deface their badges will be asked to replace them at a fee designated by the Tech. Dept. Students use their ID badges with the Lunchbox program. Students scan their badges for the hot lunches, milk purchase or checking out library books.

Physical Education

All students are required to wear PE uniforms. Uniforms are available for purchase through the school and will be a shirt and shorts. Any students requesting sweatpants or sweatshirts may purchase these with a payment in advance. If gym wear is incorrect in any manner, the student is graded down for that particular day and must still participate in class. Students and parents are responsible for replacing the loss or destruction of the PE uniform. It is strongly suggested that each student has his/her name on all clothes used in PE classes. Students must keep PE lockers locked at all times. Many other organizations use our locker rooms. A school-issued lock will be provided for the PE locker. Please do not bring valuables to school. The replacement fee for clothes is \$16.00 and a lock \$6.00.

Exemption from Physical Education

In order to be excused from participation in physical education, a student must present an appropriate excuse from his/her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis. Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in the Handbook Procedure (IPA). Special activities in physical education will be provided for a student

whose physical education or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course. State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District. Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

Advanced Coursework

Advanced coursework is offered in mathematics in Grade 5-8. Recommendations from 4th grade at Central School and evidence of advanced coursework in the Accelerated Math Program will be used to determine placement. Grade Level teams and or the AJHS Student Assistance Team may also recommend placement. 7th grade will offer a section of Pre-Algebra and 8th grade will offer a section of Algebra.

Honor Roll at AJHS

Quarterly honor rolls recognize AJHS students on a 4.0 scale in coursework, including PE, band, and chorus.

- Highest Honors recognizes 4.0-4.2 achievements.
- High Honors recognizes 3.5-3.9 achievements.
- Honors recognize 3.0-3.4 achievements.

Student names will be published in the newspaper. Honor roll will be posted at the junior high before it is taken to the newspaper. Students are responsible for notifying the office if a mistake has been made.

Grading and Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher. The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted upon age or any other social reason not related to academic performance.

Promotion/Retention

Students will normally progress annually from grade to grade. Exceptions to this promotion will be made if a student fails two or more core subjects (ELA, Math, Science, Social Studies or Physical Education). Example: A student's FINAL grade for math is U (59 or below) and the P.E. grade is F also. The student will be retained at the current grade level. Illinois State Law states "School districts shall not promote students to the next grade based upon age, or any social reasons not related to the academic performance of the students. Decisions to promote or retain students in any classes shall be based upon successful completion of the curriculum, attendance, performance on Illinois Standards and assessment program tests or any other testing or any criteria established by the school board." Of the classes failed, all but one may be made up in a summer school program. The student then could be placed in the next grade by the principal. The Amboy District does not necessarily provide summer school. The parent or guardian of the student must assume the cost of summer school.

Promotion Ceremony at AJHS

The promotion ceremony is an earned privilege by those students who successfully complete the requirements for promotion by the end of the second-semester eighth grade year. Students who do not meet this requirement will not be invited or allowed to participate in the promotion ceremony.

Report Cards

Report cards are issued four times during the year at nine-week intervals. At AJHS, Mid-term reports are given to students or mailed when deemed necessary, at 4 ½ week intervals to parents of all students doing substandard or failing work. Parents who receive such a report are urged to call the office at (815) 857-3528 to make an appointment to meet with their child's team of teachers. Reports are also sent to parents of students or sent to the email address listed in TeacherEase, who are not doing acceptable work in one or more subjects.

Standardized Testing

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following:

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Student Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Interview by Law Enforcement Officers

Law enforcement officers will be permitted to interview students at school in the presence of a school official. In any criminal investigations of a student who is a minor, school officials will make every reasonable effort to notify the parent and/or legal guardian of the requested interview by telephone. If the student is taken into custody, school officials must be notified and the parents will be informed by telephone. All reasonable attempts to reach the parents will be used.

Section II: Attendance Regulations

There are two types of absences: excused and unexcused. Excused absences include: illness (including mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal. The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 815-857-3632 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

EXCUSED ABSENCES:

Excused Absences according to the Illinois School Code

Section 26-2a of the Illinois School Code, considers the following circumstances to be valid causes for a student's absence:

- ***Significant illness***
- ***Family emergency***
- ***Observance of a religious holiday***
- ***Death in the immediate family***
- ***Circumstances, which cause the parent concern for the safety or health of their child***
- ***Parent/Guardian military deployment***

The School Administration has the right to determine what constitutes an excused absence.

Students receiving an excused absence will have the opportunity to make up assignments missed according to the handbook policy. Make-up work for excused absences will be done at the classroom teacher's convenience, preferably outside the regular class period. Students and their parents/guardians/legal custodians have the responsibility for getting assignments and making sure work is completed.

Medical Excuse

All absences must be accompanied by a phone call from a parent within 24-hours of an absence whether the absence is excused or unexcused. The attendance number is 815-857-3528.

- Failure of parents to call in will result in the student being truant.
- Students will be allowed only 10 days each school year to be considered excused with a parental phone call to the school.
- A doctor's verification note provided for the absence will not count against the 10-days.
- After ten absences whether excused or unexcused, the student must provide a doctor's verification note stating the specific reason for the absence with the dates the student is excused.
- If a student leaves school sick at any point during the day without returning, even if they have been at school for at least half a day (150 Minutes), will not be allowed to participate or practice that evening in an athletic event.
- If a student leaves school sick and comes back, that student will not be allowed to participate or practice unless a doctor's note is provided and have been cleared to participate by their doctor.
- If a student leaves school because of a doctor's appointment, the student must provide a doctor's note to school that day or at the very least to the coach that evening in order for the student to be allowed to participate or practice.
- If a student is sick during the morning and comes back for at least half a day (150 minutes), the student will be allowed to participate with a parental phone call.

If a student becomes ill during the school day, he/she needs to report to the nurse's office. **Students must be cleared through the nurse and main office before they can leave school.** Parent contact will be required.

If a student is present for less than half of the day (150 Minutes), participation in extracurricular activities that day will not be allowed. Unexcused absence during the day may result in the student not being eligible to practice or participate in all extra-curricular activities. The final decision will be made by the administration.

PRE-ARRANGED ABSENCE:

Pre-arranged absences permit the student to make prior arrangements to get assignments and have them completed before or upon returning to class.

Except for emergency situations, failure to notify the school a day in advance may result in an unexcused absence or in the case of a field trip or other approved outing, the student will not be allowed to participate.

Students are to miss only the time required to be at a medical appointment. Verification of medical or dental appointments must be made with slips from the doctor or dentist. Students will be excused for medical purposes that require the entire day if they bring in a slip verifying the date and time they were at a doctors office. **Note: On the third (3rd) day of consecutive absence a doctor's note or contact with the principal will be required by the school.**

UNEXCUSED ABSENCES:

An absence due to truancy or other cause which the administration cannot approve as excused is classified as unexcused.

Some examples of unexcused absences are:

1. Truancy
 - (a)**Truant** - a student subject to compulsory school attendance and who is absent without excuse from such attendance for a school day or portion thereof.
 - (b)**Chronic or habitual truant** - a student who is subject to compulsory school attendance and

who is absent without excuse from such attendance for five percent (5%) or more of the previous 180 regular attendance days.

2. Skipping school
3. Unapproved vacations

Unexcused Absences for Failure to Call

Any full-day or partial day absence which is not called in by a parent within two hours of the beginning of the school day for the reasons identified, as “excused absences” will be termed “unexcused.” A parent’s call does not make the absence excused if the reason for the absence is not excusable (e.g., shopping, sleep, hunting, babysitting, car problems, etc.).

The school will phone or otherwise notify the student and the parents/guardians/custodians within 24 hours if any student is absent without a prior excused absence.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Absence due to Suspension

Students will be allowed to make up work missed during. If a student is suspended all assignments will be due the day the student returns to school and full credit will be given for such assignments. It is the student’s responsibility to obtain those assignments. Tests will be made up at a time convenient to the teacher.

EXCESSIVE ABSENCE PROCEDURE:

When considering excessive absence, all days absent may be considered:

Step 1: When a student has been absent a total of TWO (2) unexcused days in a particular class during the semester, an attendance report with the dates of each absence (both excused and unexcused) will be sent to the parents or legal guardians. School staff will meet with the student and the parent/guardian/custodian as soon as possible a referral will be made to the Lee County Truancy Officer.

Step 2: When a student has been absent a total of FIVE (5) unexcused days during a semester, a second referral will be made to the Lee County Truancy Officer. A complaint may be filed with the Illinois State Board of Education (ISBE) by the Board or Administration if no action is taken on truancy reports by the Lee County Truant Officer. Chronic truants shall be subject to the District’s Truant Policy.

Tardy Policy

Students are considered tardy when they are not in the classroom by 8:05 AM. Whenever possible please notify AJHS’s office at (815) 857-3528.

- **Tardy to School & 1st Period Tardy**
- **All students must sign in at the main office.**
- First tardy – warning
- Tardies 2, 3 and 4 - lunch detention

- Tardies 5 and up - 30 min before or after school detention for each offense
- If 5 hours of detention time is accrued, students will be placed in In school suspension for the day.

Teachers will keep a record of tardies to class period to period throughout the day. All unexcused tardies will be handled by the teacher in the following manner:

- First Tardy - warning
- 2nd-4th Tardy - Lunch Detention - issued by teacher. Served in office
- 5th and up - 30 minute detention for each offense. If 5 hours of detention are accrued, student will serve an in school suspension.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement. (BP 7:80)

Section III: Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact the building principal.

Section IV: Discipline Procedures

Detention

May be issued at any time by a staff member. The student will be given at least a 24-hour notification. It is the student's responsibility to make any transportation arrangements. Skipping a detention will result in two detentions, in-school suspension, community service, or out of school suspension.

In-School Suspension

A student may be assigned an in-school suspension. During this time the student will work on material supplied by the teachers.

Out of School Suspension

This is a temporary exclusion (up to ten days) of a student from school, riding a bus, or participating in any extracurricular activities. Students will be encouraged to keep up with the class assignments. Students who continue to exhibit disruptive behavior problems may be placed on an increasing suspension system. Amboy Junior High School is allowed by State Code to suspend any student for up to a ten-day period. Students who are suspended out of school are NOT permitted to be on school grounds during their suspension.

Expulsion

This is the **complete** removal of a student from the school system. Board policy stipulates the procedures to follow in a student expulsion hearing.

Section V: General Rules of Conduct at Amboy Junior High

Proper behavior of Amboy students is expected at school and at all school-sponsored events, whether home or away. Following is a list of some of the types of conduct, which will not be tolerated. The administration has the right to use its judgment to deal with other behaviors not mentioned should that behavior reflect inappropriately on Amboy Junior High School.

1. Pushing, shoving, fighting or running.
2. Loud noises and yelling.
3. The use of profanity on school property.
4. Objectionable literature on school property.
5. Throwing of objects.

24. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out of school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out of school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians
2. Disciplinary conferences
3. Withholding of privileges

4. Temporary removal from the classroom
5. Return of property or restitution for lost, stolen or damaged property
6. In-school suspension
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community Service
9. Seizure of contraband, confiscation and temporary retention of the personal property that was used to violate school rules
10. Suspension of bus riding privileges
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds

12. Expulsion from school and all school-sponsored activities and events for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Parent Discipline Notification

Parents will be notified in the case of a discipline procedure involving out of school suspension. If parents cannot be reached at home, the parent will be called at work. The student WILL NOT be released from the school for out of school suspension until parent contact has been made. Parents will be notified of detention, and in-school suspension by written notification. Parents must sign the detention form etc. The teacher (for detention) or principal may call the parent for permission to stay for the detention.

Video & Audio Monitoring System

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Discipline of Students with Disabilities

The school and district will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's Special Education rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. (BP 7:190)

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years: (1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapons regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis. (BP 7:190)

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person. (BP 7:190)

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Section VII: Drugs and Alcohol

The use of illicit drugs and the unlawful possession and use of alcohol by students is wrong and harmful. It is the policy of the Board of Education to clearly prohibit the unlawful possession, use, or distribution of illicit drugs or alcohol by students on school premises or as part of school activities. This Student Behavior Code is intended to comply with the Federal Drug Free School and Community Act Amendments of 1989, P.L. 101-226. Violations may be referred for prosecution.

Consequences are as follows:

Suspension, police referral; subject to arrest, or suspension and recommendation to the Board of Education for expulsion

Option - The student and his/her parent(s) (guardian) will participate in a counseling program approved by the school district. Any cost incurred by participation in this program shall be assumed by the parent or legal guardian. Students failing to participate in and/or complete the program(s) will be suspended for the full ten (10) day out-of-school suspension.

Section VIII: Smoking or Possession of Tobacco Products

Smoking or possession of tobacco products or electronic / e-cigarette on school property or at school sponsored events is prohibited under Illinois State law. This applies to AHS students even if they are 18 21 years old or older. Consequences will be as follows:

1st offense - ISS or enrollment in an approved smoking education program.

2nd offense – 2- Day OSS; police referral/citation

3rd offense - a five (5) day out-of-school suspension; police referral/citation.

4th & Additional – 10- day out-of-school suspension; police referral/citation.

Section IX: Bullying

Prevention of and Response to Bullying, Intimidation, and Harassment.

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals. 4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Section XX: Appeal Clause

This handbook is designed to address some of the most common examples and situations of student conduct at Amboy High School. All possible incidents involving student conduct cannot be outlined in this handbook. Extraordinary circumstances will most likely make each discipline case fairly unique. Therefore, when new or uncommon situations or violations occur, a firm, fair and consistent action will be taken by the administration.

Any student who believes that a decision made by the school district has violated his/her civil rights may appeal to the Board of Education through the established grievance procedure.

Students have both the right and the responsibility to express school-related concerns and grievances to the Administration. Student complaints and grievances are to be resolved through orderly processes and at the lowest possible level, therefore:

Article VI: Medical and Health Guidelines

Administering Medicine To Students

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Student medication must be kept in the nurse's office at all times. **No medication of any kind (including aspirin) can be kept in student lockers.**

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year¹ will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.

Head Lice Policy

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits).
Infested children are prohibited from riding the bus to school to be checked for head lice.

Nurse/Health Guidelines

All of these guidelines are guidelines and each case will be handled on a case-by-case basis.

Student Fever - A student with an oral temperature measuring 100 degrees or greater will be sent home from school. It is the responsibility of the parent/guardian to make arrangements for their student's transportation home. The student must remain fever free for twenty-four (24) hours before returning to school.

Student Vomiting - Any student who has vomited due to illness must stay home from school. The student must be vomit free for twenty-four (24) hours before returning to school. Any student who has vomited while at school or on a school sponsored field trip will be evaluated by the school nurse, or an accompanying teacher. If the student is believed to have an illness, that student will be required to leave school, or the school sponsored field trip. It is the responsibility of the parent/guardian to make arrangements for their student's transportation home.

Injury/Illness - When a child returns to school following a fracture, severe injury, prolonged illness, or medical procedure, parents must provide a doctor's note if activity restrictions apply. The doctor needs to specify the dates the restrictions apply (i.e., start and stop dates).

Home and Hospital Instruction

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital. A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction as well as for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact the high school office.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information please contact the Building Principal.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Exemptions

In accordance with rules adopted by the Illinois Department of Public Health, a student will be exempted from:

- This policy's requirements on religious or medical grounds if the student's parents/guardians present to the Superintendent a signed statement explaining the objection.
- The health examination or immunization requirements on medical grounds if a physician provides written verification.
- The dental or eye examination requirement if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Article VI: Miscellaneous Information

Section I: Accident & Insurance Claims

Any school injury must be reported immediately to the teacher or sponsor in charge who should complete an accident report. If parents have paid for student accident insurance and need to make a claim thereon, the school may be requested to furnish a copy of the accident report.

Section II: Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or

guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Student's Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Section III: Replacement Fees

Replacement of Student ID \$5.00

See district fee schedule for all other fees.

Section IV: Safety Drill Procedures & Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

Section V: Student Transfers

Student Transfers To and From Non-District Schools

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Section VI: Pandemics

This handbook procedure is meant to apply generally to any pandemic or other health emergency and should be supplemented with other relevant and timely information.

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

SECTION VII: PUBLICATIONS

Amboy High School will use the child's name as shown in the School Information System unless a parent/guardian gives written consent for a different name to be used including but not limited to the yearbook and newspaper publications.

Section VIII: Annual Notice to Parents about Educational Technology

Annual Notice to Parents about Educational Technology:

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Section IX: Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions.

Section X: Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. **The right to request removal from the student's academic transcript one or more scores received on college entrance examinations.**

A parent/guardian or eligible student may ask the District to remove certain scores of college

entrance exams from their student's academic transcript. This includes the State assessment that includes a college and career readiness determination. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of these scores from a student's academic transcript, the parent/guardian or eligible student must submit a written request to the building principal.

3. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place

- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school.

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.²**
Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.
8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

Section XI: Visitors to Amboy Junior High School

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.

14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

Section XII: Weather Conditions

District #272 uses Parent Square to contact families regarding school closings and cancellations as well as event cancellations and other important messages. This automated system will text or email the parent or guardian, provided the parent or guardian has accepted the registration to the app. School closing announcements will also be carried by the following television stations: Remember, if it is necessary that school be closed for more than one day, the announcement will be repeated each day. In other words, if there is not an announcement, the school will be open. If school is dismissed early due to winter weather, ALL extra-curricular activities (practices, games, etc.) are canceled. An exception will be IHSA scheduled events.

Section XIII: Extra

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment

Books and Supplies

The Board of Education furnishes texts to students on a tuition basis. There is a rental fee and all texts remain the property of Amboy Community District 272.

If a textbook or library book is lost or damaged, the student shall pay the replacement cost on a prorated basis. Deliberate marking, tearing, or defacing of books is just cause for the student to pay the replacement charge. Each student is responsible for providing his/her own supplies upon receiving the list at registration.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board. Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony.

Article VI: Extra-Curricular Eligibility

Section I: Athletic/Extracurricular Eligibility & Participation

In order to participate or be a manager and/or statistician in extra-curricular activities, the student must receive passing grades in all subjects (including P.E.). Academic eligibility is checked weekly in accordance with IESA regulations as determined by board policy. Eligibility is checked on Tuesday and is in force from Tuesday through the following Tuesday. Students failing to meet academic eligibility may practice but not compete. If a student is on the fail list for the week, the student may attend away games/meets, etc. on the bus with the team. Students failing one subject for the 9 weeks will be ineligible for the following 9 weeks. This will be the same for failing the semester or at the end of the year. If an activity is an extension of a class taken for credit, any unexcused absence from that activity will be considered a factor in determining the student's grade for that class.

Extracurricular and Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof that the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IESA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IESA's Performance-Enhancing Substance Testing Program.

5. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy; and
6. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Absence from School on Day of Activity

A student who is absent on the day of a scheduled extra-curricular activity must be in school for half of the school day in order to participate in the activity. If activity is on the weekend, then the athlete must be in attendance for half of the school day before the event.

Exceptions may be made by the coach: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family. An athlete who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by administration.

Suspension

Any student out of school as a result of a suspension may not attend or participate in any extra-curricular activities during the duration of the suspension assignment. Students serving an in-school suspension may not participate or attend extra-curricular activities the day of the suspension.

Transportation

All participants must ride the school transportation to and from events, unless a written permission waiver is received from the parent and is on file with the coach allowing the student to ride home with the designated adult. The permission form must be the waiver/hold harmless agreement that is provided by the coach. Students must be signed out at the event through the coach. Only the names listed on the student's waiver form will be allowed to sign out the student from the event.

THREE STRIKES:

- Three times on the weekly failing list during the season or 9-week period will result in your dismissal from the team or activity. Grades are important!
- Three detentions during the season or 9-week period may result in being off the team or activity.
- One suspension will result in dismissal from the team or activity. Behavior is important!

Conduct at Games and Contests

Students must not "boo" opposing teams, players, fans, or officials. Care should be taken not to litter the playing floor with gum and candy wrappers. Always walk around the edge of the playing floor when attempting to go to the other side of the gymnasium. Do not bother people in attendance by continuously running in and out of the gymnasium. In addition, any student whose conduct is unacceptable during the normal school program as well as during the extra-curricular activity can lose privileges to attend and /or participate in this function. Such loss of privileges will be based on the student's actions. Students who attend extra-curricular activities must exhibit respect and responsibility.

Student Activity Pass

The Student Activity Pass may be used for high school and junior high school sporting events. This pass may be purchased at the unit office.

Section II: Student Athlete Concussions and Head Injuries

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in

Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois. (BP 7:305)

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association¹ before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.
